

## RELEASE NOTES

Version 2020.15.0

August 20, 2020

---

### Introduction

This document describes the features included in version 2020.15.0 release of the ConstructConnect Takeoff application.

## CONSTRUCTCONNECT PLATFORM

### Table of Contents

#### Constructconnect Takeoff

- Improved Print Quality
- Added Help Icons
- Production Bugs Addressed

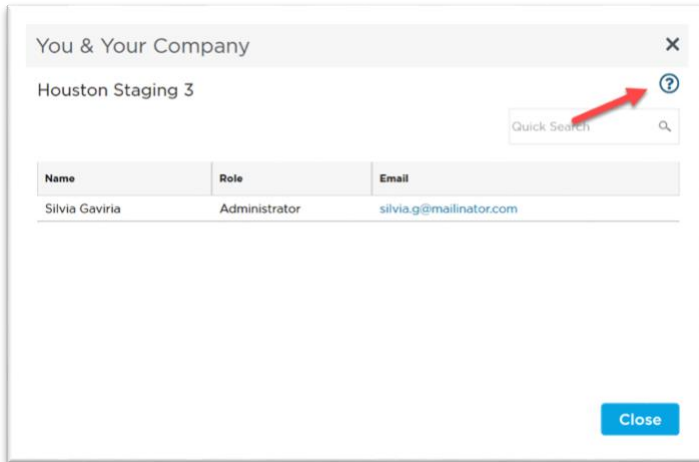

## CONSTRUCTCONNECT TAKEOFF

### Improved Print Quality

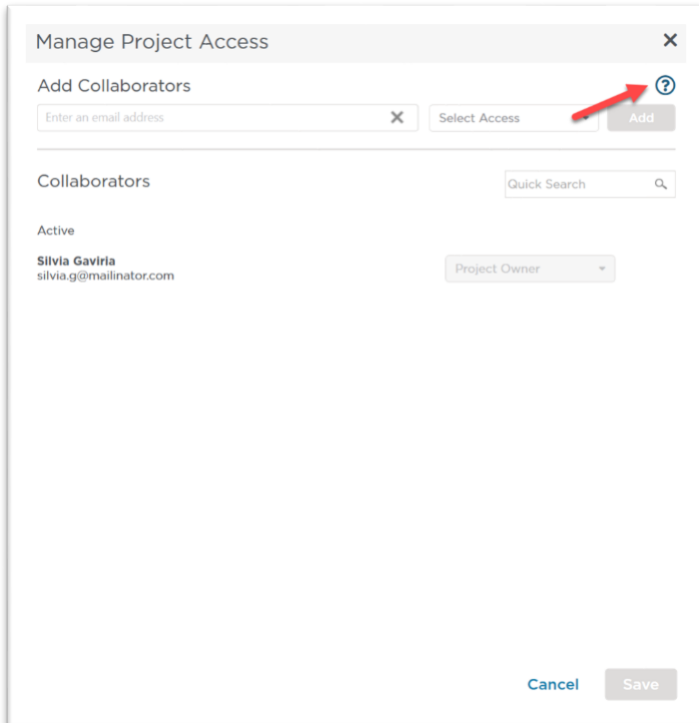

- Resolved printing issues inside ConstructConnect Takeoff which often resulted in fuzzy prints along with several issues such as patterns not being rendered, cloud annotations rendering incorrectly, and some stamps (such as Checkmark) not rendering at all.

### Added Help Icons

- Added Help icon inside the Manage Project Access dialog

- Added Help icon inside the You and Your Company dialog

## Bugs Addressed

- Addressed an issue where the price was not being saved when the Worksheet was detached.
- Fixed issues that caused the application to shut down when the Takeoff Tab was detached, and takeoff was performed as well as changes made to the Worksheet Tab.
