

## RELEASE NOTES

Version 2020.19.0

October 15, 2020

---

### Introduction

This document describes the features included in version 2020.19.0 release of the ConstructConnect Platform.

## CONSTRUCTCONNECT PLATFORM

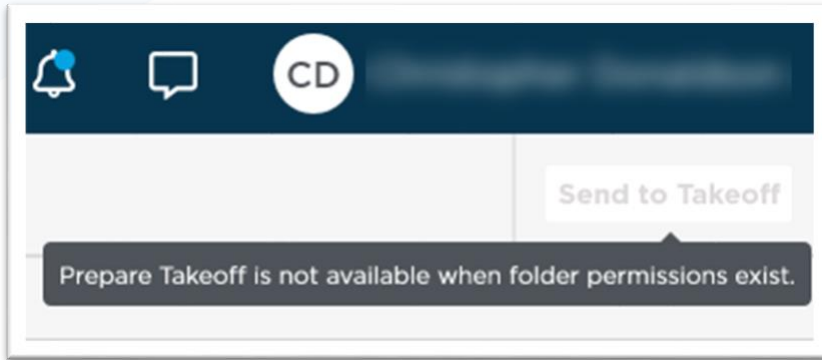

### Table of Contents

- **Document Viewer & Web Takeoff**
  - Added Tooltip when Push to Takeoff is Disabled
  - Production Bug Fixes

## DOCUMENT VIEWER & WEB TAKEOFF

### Added tooltip when Push to Takeoff is disabled

- When Push to Takeoff is disabled because of a General Contractor's folder permissions, users will see a tooltip to avoid confusion.

### Production Bug Fixes

- Fixed an issue when bookmarking specific pages in Document Viewer. Bookmark navigates to the intended page instead of the first page of the plan set.
- Fixed a responsive issue when viewing documents on tablets and phones size screens.
